Adoption Special at Pima Animal Care Center

Tucson AZ: The Pima Animal Care Center has more than 70 animals available for adoption and new animals are arriving daily. The Center's priority is to get all of these animals into new homes. At adoption, the animal will be altered, vaccinated, micro chipped and dogs over three months of age will also be licensed.

If you are unable to commit to the long term care of a pet, we are asking that you consider becoming a foster parent to one of the many animal rescue groups. They are an invaluable resource for the animals needing additional medical care or rehabilitation.

The Center is located at 4000 N. Silverbell Road. Shelter hours are Monday through Saturday 10am until 5pm and Sundays, noon until 4pm. Stop by and see how much you can save during this adoption special. The event will run through May 2, 2009.

For additional information on our facility or rescue partners visit our Web site at: <http://www.pimaanimalcare.org> or call 243-5900.
